The Twenty-Eighth Annual Sunday School Convention was held in the city of Ashland, on the 22nd to 24th of the past month. This judging from wholly later decomposition it brought together representatives of the Sunday school workers from all the leading denominations of the State. All parts of the State were represented. The sessions of the convention were largely attended, and one of the best programs that has been presented in the entire history of the convention was conducted.

Rain came very near to Hopkinsville again last Saturday, but we were once more commended to the fate of our late friends. Tuesday, Ford River got a two hours down-pour to within two miles of town on the north and Flat Lick got a deluge with hail-storm accompanied by a heavy rain to within the same distance. On the east towards the Todd county line a most rare rain fell, but here in town there was hardly enough of the pitiful to moisten a postage stamp. Now that the September crop has come, it is a heavy weight which hangs for an end to this drought, but for

Bethel Female College will open the fall session Monday, the 18th of September for many years. Dr. McColl has announced that he will be at least fifty per cent. more young ladies boarders than any previous year. Notwithstanding the talk of hard times the outlook for this school is very encouraging.

Hopkinsville High School, opened its year under its present principal, Maj. J. O. Farrell, last Monday with flattering prospects. There has been a rumor to the effect that Judge McNeel's negro house, near Bowling Springs last week frightening idle occupants, had been lynched. The report is without foundation, as we are reliably informed. There is great excitement among the people around the Springs, but it is likely that the law will be permitted to take its course in the matter. As a precaution, however, the jail is being guarded and there would be bloodshed should there be an attempt at their to secure him as a subject for Judge Lynch or for the purpose of rescue.

The World's Fair Spectator.

Facts and Figures.

Below will be found correct statement of the business of the city conducted during the past three years of Judge M. D. Brown's administration at Campbell's Caves.

Number sent to work house, 376.

Amount of fines for which sent, \$6,087.

Cash paid into City Treasury, \$5,674.

Uncollected, about \$4,800.

Number of criminal appearances, 2,407.

Average business each year, \$4,750.

This is an excellent showing in several ways. For a city of its size it shows that the bad element forms only a small part of the population. And it further demonstrates the fact that our officers perform their duty in a creditable manner, and justify it proves that our judge performs the functions of his office faithfully and without favor to any.

The good work goes on.

The True Laxative Principle.

Of the plants used in manufacturing the laxative remedy, Syrup of Sassafras is permanently in the system, affecting the human system, while the cheap vegetable extracts and mineral solutions usually associated are permanently injurious. CREAM OF NEWS.

Fractured on a 2nd year.

Clivet Court Suits.

Already 62 suits have been filed in the 2nd section of Circuit court and 31 suits have been returned in the 1st section. This gives us four terms of Circuit Court this year, the May court at term making the fourth. Of the whole number of suits filed only four of them are for divorce. The majority of the disappointed parties are colored.

Hopkinsville A Winner.

Our local team has been a little unfortunate this season and had several games, but Tuesday it sailed out with one more success and defeated the Paducah team by a score of 27 to 14. After the first four innings our boys got down to work and did some pretty playing. Willie Stirling was in the best of the time and pitched a very troublesome curve. Our team was composed of the following boys: Tommie, Sam, Ward, Vaughan, Hall, Rogers, Long, Deane, Jeff Morris and Rowland Miller. A number of ladies and gentlemen witnessed the game which lasted two and a half hours. The Paducah team had an excellent battery.
